## Fiscal Analysis

### ASSUMPTIONS:

1. The Department of Administration has contracted with a private entity, NIC USA, Inc., to provide electronic government (e-government) services on behalf of state agencies.
2. The department, with advice from the Electronic Government Advisory Council established in SB 405, would work with the contractor to determine the transactions that would have convenience fees and their amount.
3. The contractor would collect the convenience fees on transactions to cover their costs incurred.
4. The Select Subcommittee on Information Technology approved funding in the FY 2002-2003 proprietary rates of Information Services Division for 1.00 FTE to provide contract oversight of NIC USA, Inc.
